SEARCH TIPS

UST – Underground Storage Tanks

Registration Number. This is the 9-digit number assigned to each site by DNR. Entering the number will display that specific site.

Site Name. This is the name of the site or facility used by DNR. Enter part or all of a site name. For example, CAS brings up Case, Casey's, etc. **NOTE: Using an apostrophe will cause an error in the program and return a "No records found" message.**

Site Address. This is the address of the site. Selecting a street in conjunction with City will return entries on that street in that city.

Site City. Choose a city from the drop-down menu.

County. Choose a county from the drop-down menu.

Site Status. Choose a site status from the drop-down menu.

LUST Search

The screenshot shows a Microsoft Internet Explorer window titled "UST/LUST - Microsoft Internet Explorer". The address bar displays "http://programs.iowadnr.com/ustlust/pages/advanced.aspx". The page content includes a header "UST/LUST Application" and a search bar with a "Go" button. Below the search bar, there is a section titled "Advanced Search" with a sub-header "Advanced Search". The search criteria are as follows:

- Leak Number:
- Leak Risk Classification:
- Site Name:
- Site Address:
- Site City:
- County:
- Supplemental Loc:
- Site Status:

A "Search" button is located below the search criteria. The browser's status bar at the bottom shows "Done" and "Internet".

SEARCH TIPS

LUST – Leaking Underground Storage Tanks

Leak Number. This is a 6-character identification assigned to each LUST site by DNR. Entering the number will display that specific site.

Leak Risk Classification. This allows a search by selecting No Action, Low Risk, or High Risk from the drop-down menu.

Site Name. . This is the name of the site or facility used by DNR. Enter part or all of a site name. For example, CAS brings up Case, Casey's, etc. **NOTE: Using an apostrophe will cause an error in the program and return a "No records found" message.**

Site Address. This is the address of the site. Selecting a street in conjunction with City will return entries on that street in that particular city.

Site City. Choose a city from the drop-down menu.

County. Choose a county from the drop-down menu.

Supplemental Loc. If known, this location information can be used in the search.

Site Status. Choose a site status from the drop-down menu.
